The usual public reception was held at 12 o'clock, though out two or three ham dred persons had gathered in the Bust Room, as it was not generally known that the reception was to be held. Nearly everybie of the visitors offered some harried words of congratulation as they shook the President's little. Some of them seemed to expect that Mrs. Seveland would be with her husband to receive their greein.s.

Arrangements have been made for giving two receptions at the House during the present week. A state reeption will be given by the President and Mrs. Cleveland, on Tuesday evening, to which the Cabinet, the Diplomatic Corps, the Judicary, Members How Powderly Rade Elimielf of Congress, and the officers of the ont cards, will be given.

On Thursday the President and Mrs. Cleveland drove out to the recently parchased house in the country which the President has decided to call "Rose Hill," and spent an hour or two in looking about the place. Some extensive improvements will at once be made, in the house and grounds, and the place will no doubt be occupied by the President during the summer months, or at least such portion of them as remain after the adjournment of Congress.

Miss Cleveland has returned to her home in Holland Patent, where it is said in the fu pre she will devote herself entirely to literally pursuits.
